

BUNN®

Infusion Series® DBC® ITB Dual Dilution Iced Tea

Achieve a variety of flavor profiles and batch options with programmable Digital Brewer Control

34" x 12.2" x 22.6"
(86.4cm x 30.9cm x 57.4cm)

Medium/High Volume
140-523 8oz (236mL) cups/hour*

- Ideal for the quick serve restaurant, full service restaurant, lodging/hospitality, college and university, and convenience store environments
- Brews up to 523 8oz (236mL) cups per hour using real tea leaves
- Includes rotating brew basket, base platform adapter, dedicated dilution nozzles and brew selection switch
- Specifically designed to accommodate and brew into two BUNN 3.5gal narrow tea dispensers (can also brew directly into standard tea dispensers)
- Meet your volume needs; brew 3gal (11.4L) of iced tea into each dispenser and serve up to 6gal (22.7L) within a narrow footprint
- Color coded decals help the operator properly align the brew basket, dispenser and choose the correct selection
- Three recipe buttons and full/half options for maximum flexibility
- Includes two button graphic overlay for customizing the user interface
- Digital temperature control, pre-infusion, pulse brew and cold brew lockout
- Easy Pulse interface allows automatic programming of pulse routine
- Display advertising messages and machine status
- Brew counter keeps track of how many batches brewed
- English and Spanish alphanumeric display
- SplashGard® funnel deflects hot liquids away from the hand
- Includes Quickbrew (Q) funnel tip for easy conversion

Sweetener Model Features

- Left side preset with sweetener valve
- Dilution nozzles labeled "Sweet" and "Unsweet"
- Easily adjust the volume of sweetener using the Sweet Meter
- "Out of Sweetener" indicator - LCD blinks to aid operator
- Separate inlet for sweetener uses existing CO2 systems or external 3rd party pump for sweetener delivery

⚠ Tea dispensers sold separately

RESPECT EARTH® COMPONENTS

- Energy-saver mode reduces tank temperature during idle periods
- Low Lead Certified
- RoHS compliant: electronics design contains no hazardous substances and part assemblies are recyclable wherever possible
